

ESTATE VINEYARD PROFILES

Estate Bottled Chardonnay

A classically structured wine, Far Niente Chardonnay is typically intense and lean in its youth, and with age, develops further depth, complexity and texture. Aged in one-third new French oak, the 100% Chardonnay wine does not undergo any malolactic fermentation. The wine's characteristic aromas of fruit and spicy oak, coupled with rich flavors of melon, fig and spice have become synonymous with Far Niente Chardonnay.

Estate Bottled Cabernet Sauvignon

An elegant composition of Cabernet Sauvignon, Merlot and Cabernet Franc, combined with structured, yet integrated tannins, Far Niente Cabernet Sauvignon is approachable upon release, but will develop further grace and complexity with additional cellaring. Cultivated primarily in the Far Niente Stelling Vineyard, and aged in 100% new French oak for approximately 20 months, the wine provides cedar and oak aromas layered with flavors of blackberry and cassis. Consistency of style, extremely high quality, and a combination of power and refinement are the hallmark of Far Niente Cabernet Sauvignon.
